Information about the Paulus Kolleg:

The Paulus Kolleg provides apartments for 42 male and female students: The apartments differ in their rent, which is – including all extras- from 114 to 194€, according to their size. All of them are furnished.

Beyond the apartment, generous common rooms are to the inhabitants' disposal: They include: two reading rooms, 2 kitchens, one TV-and-living room, one room for parties with a bar, a fireside and a table-soccer table and a chapel. Moreover, this hostel has a generous garden with a lawn and volleyball net.

The Paulus Kolleg is situated nearby the university hospital. To the city center, you need less than 10 minutes by bike and even less than five minutes to Muenster's Lake, called "Aasee."

Supporter of the hostel is the Paulus community, which consists of catholic lays and clergymen. The special character of the house is formed by the students living in the house. It is managed by self-government in big parts. Elected student representatives discuss the upcoming decisions together with the head of the hostel or with the supporter of the hostel. So it is always guaranteed that the interests and requests of the students are taken into consideration.

Every semester a program common activities is planned by the hostel's inhabitants (e.g. cinema, theatre, excursions, common cooking, making music, doing sports)- everyone can join. People who are interested may join a divine service that takes place every Wednesday throughout the semester.

Every inhabitant of this hostel is expected to be an active part in the living in the Paulus-Kolleg. Beyond the willingness to handle the apartment and the common rooms in a responsible and caring manner, you are supposed to be willing to adopt small duties and responsibilities (e.g. minor repairs, adoption of a function). We attach importance that the inhabitants appreciate the common living as an enrichment, and are motivated to engage themselves depending on their possibilities.

In order to get an impression of you as a new inhabitant, please write a tabulated curriculum vitae considering the following questions:

- Which hobbies and interests have you got?
- Which associations, societies or initiatives have you actively participated in so far?
- Why do you apply for this hostel?
- How can you enrich the living in this house? (Are you willing to do gardening? Minor repairs? Organisation of gardening or caring about the kitchen? Organisation of common activities? Organisation of beverages? ...)
- According to the semester activities, which kind would you like to join?

Besides, please add a photograph a prepaid, self-addressed envelope to the filled application form and send it to the following address:
